

Ditton C of E Junior School

SEN&D Policy

**Agreed by the Full Governing Body
on 20 March 2018**

Ditton CE Junior School SEN&D

Policy

This policy is written in line with the requirements of

- Children and Families Act 2014
- SEN Code of Practice 2014
- SI 2014 1530 Special Educational Needs and Disability Regulations 2014
 - Part 3 Duties on Schools – Special Educational Needs Co-ordinators
 - Schedule 1 regulation 51– Information to be included in the SEN information report
 - Schedule 2 regulation 53 – Information to be published by a local authority in its local offer
- Equality Act 2010
- Schools Admissions Code, DfE 1 Feb 2012
- SI 2012 1124 The School Information (England) (Amendment) Regulations 2012
- SI 2013 758 The School Information (England) (Amendment) Regulations 2013

This policy should be read in conjunction with the following school policies: Behaviour Policy, Safeguarding, Equalities Policy and Complaints Policy

This policy was developed with parents and carers, the teaching staff and the governing body and will be reviewed annually.

Definition of SEN

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age or a young person has a learning difficulty if he or she:

- (a) Has a significantly greater difficulty in learning than the majority of others of the same age; or
- (b) Has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions. *SEN Code of Practice (2014, p 4)*

Definition of disability

Many children and young people who have SEN may also have a disability under the Equality Act 2010 – that is... 'a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities'. This definition provides a relatively low threshold and includes more children than many realise: 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial' *SEN Code of Practice (2014, p5)*

1 The kinds of special educational need for which provision is made at the school

At Ditton CE Junior School we can make provision for every kind of frequently occurring special educational need without an Education, Health and Care Plan, for instance dyslexia, dyspraxia, speech and language needs, autism, ADHD, learning difficulties and behaviour difficulties.

There are other kinds of special educational need which do not occur as frequently and with which the school is less familiar, but we can access training and advice so that these kinds of needs can be met.

The school has met the needs of pupils with EHCP's with special educational needs including global learning delay, auditory processing disorder, autism and social communication and specific learning difficulties. Decisions on the admission of pupils with an Education, Health and Care plan are made by the Local Authority.

The admission arrangements for pupils without an Education, Health and Care Plan do not discriminate against or disadvantage disabled children or those with special educational needs.

2 Information about the policy for identification and assessment of pupils with SEN

At Ditton CE Junior School we monitor the progress of all pupils three times a year to review their academic progress. We also use a range of assessments with all the pupils at various points, for example phonic screening, Speech Link, Language Link, reading age, spelling age, BRP, TAPS, BEAM and dyslexia screening.

Where progress is not sufficient, even if a special educational need has not been identified, we put in place extra support to enable the pupil to catch up. Examples of extra support are Toe by Toe, social communication groups, BRP, BRWP, Stareway to Spelling, Sensory Circuit, Talkabout, a range of in-class support strategies and one to one support and tuition.

Some pupils may continue to make inadequate progress, despite high-quality teaching targeted at their areas of weakness. For these pupils, and in consultation with parents, we will use a range assessment tools to determine the cause of the learning difficulty. At Ditton CE Junior School we are experienced in using the following assessment tools: Neale Reading, TAPS, York Test, Leuven, Boxall Profile, Lucid screener, visual stress, WRAT4 and WRIT and a range of other specific assessments for pupils with specific areas of difficulty. We also have access to external advisers and the specialist teaching services through the LIFT process.

The purpose of this more detailed assessment is to understand what additional resources and different approaches are required to enable the pupil to make better progress. These will be shared with parents, put into a SEN personalised plan and reviewed regularly, and refined / revised if necessary. At this point we will have identified that the pupil has a special educational need because the school is making special educational provision for the pupil which is additional and different to what is normally available.

If the pupil is able to make good progress using this additional and different resource (but would not be able to maintain this good progress without it) we will continue to identify the pupil as having a special educational need. If the pupil is able to maintain good progress without the additional and different resources he or she will not be identified with special educational needs. When any change in identification of SEN is changed parents will be notified.

We will ensure that all teachers and support staff who work with the pupil are aware of the support to be provided and the teaching approaches to be used.

3 Information about the school's policies for making provision for pupils with special educational needs whether or not they have EHC Plans, including:

3a How the school evaluates the effectiveness of its provision for such pupils

Each review of the SEN support plan will be informed by the views of the pupil, parents and class/subject teachers and the assessment information from teachers which will show whether adequate progress is being made.

The *SEN Code of Practice (2014, 6.17)* describes inadequate progress thus:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between rate of progress
- Widens the attainment gap

For pupils with an Education and Health Care Plan there will be an annual review of the provision made for the child, which will enable an evaluation of the effectiveness of the special provision. The collation of all annual review evaluations of effectiveness will be reported to the governing body.

3b The school's arrangements for assessing and reviewing the progress of pupils with special educational needs

Every pupil in the school has their progress tracked three times per year. In addition to this, pupils with special educational needs may have more frequent assessments of reading age, spelling age etc. Using these it will be possible to see if pupils are increasing their level of skills in key areas.

If these assessments do not show adequate progress is being made the SEN support plan will be reviewed and adjusted.

3c The school's approach to teaching pupils with special educational needs

High quality teaching, differentiated for individual pupils, is the first step in responding to pupils who have or may have SEN. Additional intervention and support cannot compensate for a lack of good quality teaching. Schools should regularly and carefully review the quality of teaching for all pupils, including those at risk of underachievement. This includes reviewing and, where necessary, improving, teachers' understanding of strategies to identify and support vulnerable pupils and their knowledge of the SEN most frequently encountered *SEN Code of Practice (2014, 6.37)*

In Ditton CE Junior School the quality of teaching was judged to be good in our last Ofsted inspection.

We follow the Mainstream Core Standards <http://www.kelsi.org.uk> developed by Kent County Council to ensure that our teaching conforms to best practice.

In meeting the Mainstream Core Standards the school employs some additional teaching approaches, as advised by internal and external assessments e.g. one to one tutoring, small group teaching, use of ICT software learning packages. These are delivered by additional staff employed through the funding provided to the school as 'notional SEN funding'

3d How the school adapts the curriculum and learning environment for pupils with special educational needs

At Ditton CE Junior School we follow the advice in the Mainstream Core Standards on how to adapt the curriculum and the learning environment for pupils with special educational needs. We also incorporate the advice provided as a result of assessments, both internal and external, and the strategies described in Education and Health Care Plans.

As part of our requirement to keep the appropriateness of our curriculum and learning environment under review the Governors have made the following improvements as part of the school's accessibility planning: ramps, ASD, dyslexia, improving working memory, Inference training, Lego Therapy, dyscalculia, teaching reading, differentiation in maths, SEND professional development meetings for all staff.

Specialist training via Ridge View Specialist Teaching Service for teachers and teaching assistants (where appropriate to meet the specific needs of individual children).

3e Additional support for learning that is available to pupils with special educational needs

As part of our budget we receive 'notional SEN funding'. This funding is used to ensure that the quality of teaching is good in the school and that there are sufficient resources to deploy additional and different teaching for pupils requiring SEN support. The amount of support required for each pupil to make good progress will be different in each case. Each class has a provision map devised specifically to meet the needs of the pupils in the class. In very few cases a very high level of resource is required. The funding arrangements require schools to provide up to £6,000 per year of resource for pupils with high needs, and above that amount the Local Authority should provide top up to the school (KCC's Schools Funding Forum is currently developing a system for this which will be implemented in April 2015).

3f How the school enables pupils with special educational needs to engage in activities of the school (including physical activities) together with children who do not have special educational needs

All clubs, trips and activities offered to pupils at Ditton CE Junior School are available to pupils with special educational needs either with or without an Education and Health Care Plan. Where it is necessary, the school will use the resources available to it to provide additional adult support to enable the safe participation of the pupil in the activity

3g Support that is available for improving the emotional and social development of pupils with special educational needs

For some pupils with the most need for help in this area we also can provide the following e.g. positive play, drawing and talking therapy, time-out/calm space for pupil to use when upset or agitated.

Pupils in the early stages of emotional and social development will be supported to enable them to develop and mature appropriately. This will usually require additional and different resources,

beyond that required by pupils who do not need this support. For these children we have a member of staff dedicated to wellbeing for a period of each week. Miss. Williams works with children who are highlighted by class teachers or parents as having involvement or wellbeing issues. With the most extreme cases, referrals to Early Help Provision will be made by the Senior Leadership Team.

For some pupils with the most need for help in this area we also can provide the following support:

Referral to Young Health Minds (YHM)

Referral to Child and Young People Services (CYHPS)

Referral to Project Salus

Lego Therapy

SULP

Agencies accessed via Early Help Service

4 The name and contact details of the SEN Co-ordinator

The SENCO at Ditton CE Junior school is Mrs Gillard, who is a qualified teacher and has an accreditation from the National Award for SEN Co-ordination and also holds the following qualifications BA(Ed).

Mrs. Gillard is available on 01732 843446 or USen-Coordinator@ditton-jun.kent.sch.uk

5 Information about the expertise and training of staff in relation to children and young people with special educational needs and how specialist expertise will be secured

All teachers have had the following awareness training - dyslexia, improving working memory, Inference training, SEN Code of Practice, Children with Cochlear Implants and ASD training.

In addition some teachers and teaching assistants have trained in BRP, BRWP, bereavement, phonics, scaffolding learning for the less able, Clicker 6, Communicate in Print, Lego therapy, Drawing and Talking, Drawing and Talking Advanced, Incredible 5 Point Scale, behaviour management, guided reading strategies, Speech and Language Link, the Well Being Toolkit, dyscalculia, de-escalation training, sensory circuits.

Where a training need is identified beyond this we will find a provider who is able to deliver it. Training providers we can approach are: Ridge View School, Speech and Language Therapist, Occupational Therapists, Physiotherapist. CPD online and the LIFT team. The cost of training is covered by the notional SEN funding.

6 Information about how equipment and facilities to support children and young people with special educational needs will be secured

Where external advisers recommend the use of equipment or facilities which the school does not have, we will purchase it using the notional SEN funding, or seek it by loan. For highly specialist communication equipment the school will seek the advice of the KCC Communication and Assistive Technology team.

7 The arrangements for consulting parents of children with special educational needs about, and involving them in, their education

All parents of pupils at Ditton CE Junior School are invited to discuss the progress of their children three times a year and receive a written report annually. In addition we are happy to arrange meetings outside these times. As part of our normal teaching arrangements, all pupils will access some additional teaching to help them catch up if the progress monitoring indicates that this is necessary; this will not imply that the pupil has a special educational need. All such provision will be recorded, tracked and evaluated on a Provision Plans which will be shared with parents three times per year.

If, following this normal provision, improvements in progress are not seen, we will contact parents to discuss the use of internal or external assessments which will help us to address these needs better. From this point onwards the pupil will be identified as having special educational needs, because special educational provision is being made and the parent will be invited to all planning and reviews of this provision. Parents will be actively supported to contribute to assessment, planning and review.

In addition to this, parents of pupils with an Education, and Health Care Plan will be invited to contribute to and attend an annual review which, wherever possible, will also include other agencies involved with the pupil. Information will be made accessible for parents.

8 The arrangements for consulting young people with special educational needs about, and involving them in, their education

When a pupil has been identified to have special educational needs because special educational provision is being made for him or her, the pupil will be consulted about and involved in the arrangements made for them as part of person-centred planning. Parents are likely to play a more significant role in the childhood years with the young person taking more responsibility and acting with greater independence in later years.

9 The arrangements made by the governing body relating to the treatment of complaints from parents of pupils with special educational needs concerning the provision made at the school

The normal arrangements for the treatment of complaints at Ditton CE Junior School are used for complaints about provision made for special educational needs. We encourage parents to discuss their concerns initially with the class teacher, then SENCO (Mrs Gillard)) and then the Headteacher to resolve the issue before making the complaint formal to the Chair of the Governing Body.

If the complaint is not resolved after it has been considered by the governing body, then a disagreement resolution service or mediation service can be contracted. If it remains unresolved after this, the complainant can appeal to the First-tier Tribunal (Special Educational Needs and Disability), if the case refers to disability discrimination, or to the Secretary of State for all other cases.

There are some circumstances, usually for children who have a Statement of SEN, where there is a statutory right for parents to appeal against a decision of the Local Authority. Complaints which fall within this category cannot be investigated by the school.

10 How the Governing Body involves other bodies, including Health and Social Services bodies, Local Authority support services and voluntary organisations, in meeting the needs of pupils with special educational needs and in supporting the families of such pupils

The governing body have engaged with the following bodies:-

- Membership of LIFT for access to Specialist Teaching and Learning Service
- Link to Disabled Children's Service for support to families for some pupils with high needs
- Access to local authority's service level agreement with Speech and Language Therapy Services / Occupational Therapy Services / Physiotherapy Services for pupil with requirement for direct therapy or advice
- Ability to make ad hoc requests for highly specialist communication equipment from KCC Communication and Assistive Technology Team
- SENCO attends Local Authority AEN update meetings

11 The contact details of support services for the parents of pupils with special educational needs, including those for arrangements made in accordance with clause 32 (Parent Partnership Services)

Kent Parent Partnership Service (KPPS) provides free, impartial, confidential, advice, support and options around educational issues for parents who have children with special educational needs or disabilities (0-19). They empower parents to play an active and informed role in their child's education. They can be contacted on

HELPLINE: 03000 41 3000

Office: 0300 333 6474 and

Minicom: 0300 333 6484

E-mail: kentparentpartnershipservice@kent.gov.uk

<http://www.kent.gov.uk/kpps>

12 The school's arrangements for supporting pupils with special educational needs in transferring between phases of education or in preparing for adulthood and independent living

At Ditton CE Junior School we work closely with the educational settings used by the pupils before they transfer to us, in order to seek the information that will make the transfer as seamless as possible. To enable smooth transition we meet with teachers from Ditton Infant School and the teachers from the secondary schools. We arrange school visits. We invite secondary school colleagues to CHIN meetings and annual reviews.

We also contribute information to a pupil's onward destination by providing information to the next setting.

13 Information on where the local authority's local offer is published.

The local authority's local offer is published on www.kelsi.co.uk and parents without internet access should make an appointment with the SENCO for support to gain the information they require.
